Family Death Care Advocacy Services

Will vary according to my involvement

Family Death Care Advocacy is assisting families through the care of their loved one after death. Even if you know the death of a loved one is imminent – or perhaps your own death, discussions about options, what suits you as a family, choices and budgets are all considerations I can help you with. ***I advocate for YOU.*** As the name suggests.

This means no push for decisions to be made, stuffy venues which do not suit you to be chosen. Deposits to be paid up front or culture not being respected.

“The death of a loved one is an overwhelming and confusing time, and you don’t want sales pitches and funeral industry jargon thrown at you – I act as a conduit and a go-between for all those difficult decisions and overwhelming choices”.

Family Death Care Advocacy Consultancy Cost
